Memo No. BU-28/2001-
Copy along with photocopy of regulations forwarded to the Secretary, Department of Higher Education, Bihar Patna/2. The Secretary, Health, Medical Education and Family Welfare Department, Bihar, Patna/3. The Chairman, Bihar Inter University Board, Patna for information and necessary action.

Sd/-
(Madan Mohan Deo)
Draft Regulation for Ayurvedacharya (Bachelor of Ayurvedic Medicine & Surgery) Examination

1. These regulations may be called Regulation for Ayurvedacharya (Bachelor of Ayurvedic Medicine & Surgery) Examination.

2. Ayurvedic system of education should aim at producing graduates of profound scholarship having deep insights of Ayurveda with scientific knowledge and fundamental, with extensive practical training who could be able to become efficient teachers, research workers and/or kayachikitsakas (physicians) and shalya-chikitsakas (surgons) fully competent to serve in the medical and health services of the country.

3. These regulations shall come into force with effect from the academic session 1990-91.

4. (a) A candidate shall be eligible for admission to the Ayurvedacharya (B.A.M.S) course if he/she has passed the 10th or 12th standard examination in Science with Physics, Chemistry, Biology and Sanskrit/English.

(b) he/she has passed the Uttar Madhyama examination with science and English from K.S. O. Sanskrit University, Varanasi for Sampurnanand Sanskrit Vishwavidyalaya, Varanasi.

(c) he/she has passed any other examination recognised by the University as equivalent thereto.

5. A candidate for admission to any of the examination of Ayurvedacharya (B.A.M.S) course shall produce a certificate of (a) good conduct (b) diligent study, and (c) having satisfactorily passed the college periodical examinations and other tests/examinations and (d) that he/she has been registered as a student of the University.

6. No candidate shall be allowed to begin the Ayurvedacharya (B.A.M.S) curriculum unless he/she has attained the age of 17 years on or before the 1st of October in the year of admission.

7. Every student shall undergo a period of study extending over 4 years and internship of one year, i.e., 12 months, out of which first 18 months shall be occupied in the study of first professional course.
of non-clinical subjects, the second 10 months in the study of second professional course and the third 10 months in the study of third professional course. At the end of the third professional course, when he/she has passed the examinations of all the three professional courses, he/she shall have to do the internship of 12 months duration.

No student shall be permitted to appear in the third professional examination unless and until he/she has passed in all the subjects of the second professional course.

7. The candidate shall be awarded the degree of Ayurveda (Bachelor of Ayurveda Medicine & Surgery) after successful completion of prescribed course of study extending over a period of 4½ years and after passing the final examination and satisfactory completion of one-year internship (after final examination).

8. The medium of instruction and examination shall be Sanskrit or Hindi (written in Devnagari script) or English.

9. The admission of students in a college should be made strictly in accordance with the student-bed ratio of 1:3, i.e., for every three (3) beds available in the hospital attached with the college, one student should be admitted every year.

The minimum number of students to be admitted in an Ayurvedic college should be 20 (Twenty).

10. (a) The first professional course shall start from the 1st day of July and end on the 31st day of December next year. The examination shall ordinarily be completed by the end of December. The Supplementary examination of first professional shall be held within two months of declaration of result not later than June. The carry over subject/subjects of first professional examination should be cleared before appearing at the second professional examination. The subsequent first professional examination will be held every six months.

(b) The candidates who fails in one subject or two subjects, but passes in all other subjects at the first professional examination may be promoted to the second professional course. Candidates who fail to pass the first professional examination in three chances shall not be allowed to continue their studies.

(c) The First Professional Examination shall be held in the following subjects:
11. (a) The second Professional course shall start in January following the first Professional examination and the examination shall be held in the next year, after completion of three years of the first and second Professional courses.

(b) The Second Professional examination shall be held after six years of the first Professional examination and in the following subjects:

(i) Kriyadarshana Ayurveda Bhashanaya Kaumara
(ii) Ayurveda Vijnana Vigyan
(iii) Rog Vigyan Aayam Vikriti Vigyan
(iv) Agast Tantra Vayyak Ayurveda Ayam Vaidyak Vaidyak
(v) Charak Saamita, Paper I
(vi) Swaytha Vritis

(c) If a candidate fails in not more than two subjects at the second professional examination, may be promoted to the third Professional course.

(d) The supplementary examination of second Professional course shall be held ordinarily in September and those who fail in supplementary examination shall be eligible to appear in the subsequent second Professional examination which may be held every six months.

12. (a) The Third Professional course shall start in July following the second professional examination and the examination shall be held in December next year, after completion of 4½ years of the first, second and third Professional courses.

(b) The third Professional examination shall be held after 4½ years of the second Professional examination and in the following subjects:

(i) Pragnita Tantra EVAM STRIK ROG.
(ii) Kaumara Shriyagya
(iii) Kaya Chikitst
(iv) Salya Tantra
(vi) Shalaika Tantra, Paper II

(c) If a candidate fails in one or two subjects in third Professional examination he/she shall be eligible to clear the subject subjects in the subsequent third Professional examination (either supplementary or other) which may be held every six months.
Every such failure student shall have to take casual admission for at least three months in the college concerned before appearing at the examination in the subject or subjects concerned.

13(a) In order to pass the First, Second and Third Professional Examinations in written papers, oral and practical in each subject, a candidate must secure 50 per cent of the total marks in each subject or part thereof separately.

(b)(i) A candidate securing 75% marks in the subject shall be awarded distinction in the subject.

(iii) A candidate obtaining an aggregate of 75% in the following subjects shall be declared to have passed the Final Ayurvedacharya (B.A.M.S.) examination with Honours:

1. Padarth Vigyan
2. Nidana Sharir or Kriya Sharir
3. Sravya Gun Vigyan or Rasa Sharira
4. Kayachikitsa or Rog Vigyan
5. Shalya Tantra or Shalakya Tantra

(c) Only those candidates shall be awarded honours or distinction who have passed the examination in first attempt in each part of the three professional courses. As regards distinction in the subject or subjects, only those students will be qualified for distinction who passed the respective professional examination in the first attempt.

(d) The examination shall be conducted by means of written papers, practical tests and vivas.

14. (a) The following factors may be taken into consideration in determining class work in the subject:

(i) Regularity in attendance;
(ii) Periodical tests;
(iii) Laboratory records, note-book and Clinical History sheets as required.

(b) A Class schedule card shall be maintained for each student for the different examination. The Principal of the concerned Ayurveda College shall arrange to obtain signature of the students, teachers at the end of each course of lectures and practical instructions and send the cards to each Head of the Department for final completion before commencement of each examination.

(c) The card shall contain a statement to the effect that the student has attended not less than 75% of the theory lectures and practical classes and not less
than 85% of clinical instructions of which the course
consists. The card shall be submitted to the examiners,
as required.

15(a) The compulsory rotating internship shall be
completed in the teaching Ayurvedic hospital for a
period of 12 months after passing the final examination.
(b) On completion of full internship as certified
by the principal concerned on the recommendation of
the authorities under whose training was done, the
candidate shall be eligible for award of the degree of
Ayurvedacharya (Bachelor of Ayurvedic Medicine & Surgery).

4. Rachna Sharir (Anatomy)
5. Maullik Siddhant avam Ashtang Hridaya (Sutra Sthan).

iii) A student failed in not more than two subjects shall be held eligible to keep the terms for the second professional course, however he/she will not be allowed to appear for second professional examination unless he/she passes in all the subjects of the first professional.

6.2 **SECOND PROFESSIONAL EXAMINATION:**

i) The Second Professional session shall start every year in the month of July following completion of First Professional examination.

The second professional examination shall be ordinarily held and completed by the end of month of May/June every year after completion of one year of second professional session.

ii) The Second Professional examination shall be held in the following subjects:-

1. Dravyaguna Vigyan (Pharmacology and Materia Medica)
2. Rasashastra-Bhalshayya Kalpana (Pharmaceutical Science)
3. Agad tantra Vyavhar Ayurved evam Vidhi Valdyaka (Toxicology and Medical Jurisprudence)
4. Charak-Purvvardh

iii) A student failed in not more than two subjects shall be held eligible to keep the terms for the third professional examination, however he/she will not be allowed to appear for third professional examination unless he/she passes in all the subjects of second professional examination.

6.3 **THIRD PROFESSIONAL EXAMINATION**

(i) The Third Professional session shall start every year in the month of July following completion of second professional Examination.

The Third Professional examination shall be ordinarily held and completed by the end of the month of May/June every year after completion of one year of third professional session.

The Third Professional examination shall be held in the following subjects:-

1. Roga Nidan Vikriti Vigyan (Pathology & Microbiology)
2. Charak-Samhita-Uttarardh
3. Swastha Vritta & Yoga (Preventive and Social Medicine & Yoga)
4. Prasuti & Stringa (Gynaecology & Obstetrics)
5. Bal Roga (Paediatrics)

iii) A student failed in not more than two subjects shall be held eligible to keep the terms for the final professional examination, however he/she will not be allowed to appear for final professional examination unless he/she passes in all the subjects of Third Professional examination.

6.4 **FINAL PROFESSIONAL EXAMINATION**

i) The final Professional session will be of 1 and ½ year duration and shall start every year in the month of July following completion of Third Professional Examination.
The final professional examination shall be ordinarily held and completed by the end of month of Oct/Nov every year after completion of one and half year of final professional session.

ii) Final Professional examination shall comprise of the following subjects:-

1. Shalya Tantra (General Surgery)
2. Shalakya Tantra (Diseases of Head & Neck including Ophthalmology, ENT and Dentistry)
4. Panchakarma
5. Research Methodology & Medical-statistics

7. COMPULSORY INTERNSHIP

Duration of Internship: 1 year

The student will join the compulsory internship programme after passing the final professional examination. The internship programme will start after the declaration of the result of final professional examination. The period of the internship will be of one year.

Internship Programme and time distribution will be as follows:-

1. The interns will receive an orientation regarding programme details of internship programme alongwith the rules and regulations, in an orientation workshop, which will be organized during the first three days of the beginning of internship programme. A workbook will be given to each intern. The intern will enter date wise details of activities undertaken by him/her during his/her training.

2. Every Intern will provisionally register himself with the concerned State Board/Council and obtain a certificate to this effect before joining the internship program.

3. Daily working hours of intern will be not less than eight hours.

4. Normally one year internship programme will be divided into Clinical training of six months in the Ayurvedic hospital attached to the college and six months in PHC / CHC / Rural Hospital/District Hospital/Civil Hospital or any Govt. Hospital of modern medicine. But where there is no provision /permission of the State Government for allowing the graduate of Ayurveda in the hospital/dispensary of Modern Medicine, the one year internship will be completed in the hospital of Ayurved college.

A. Clinical Training of six/twelve months as case may be in the Ayurvedic hospital attached to the college will be conducted as follows:-

B. Six months training of interns will be carried out with an object to orient and acquaint the intern with National health programme. The intern will have to join in one of the following institutes for undertaking such training.

(a) Primary Health Centre
(b) Community Health Centre/District Hospital
(c) Any hospital of modern medicine.
(d) Any Ayurved hospital or Dispensary

All the above centers (a, b, c and d) will have to be recognized by the concerned University and concerned Govt. designated authority for taking such a training.

Detail Guideline for training programme.

Guidelines for conducting the internship clinical training of 06/12 months in the Ayurvedic Hospital attached to the college.

 simplex आयुर्विदिक कॉलेज

सांवतीय आयुर्विदिक कॉलेज

चट्टनाग--800003
The intern will undertake following activities in respective department as shown below:

1. Kayachikitsa Duration: 2 months/4 months
   i. All routine work such as case taking, investigations, diagnosis and management of common diseases by Ayurvedic Medicine.
   ii. Routine clinical pathological work i.e. Haemoglobin estimation, complete haemogram, urine analysis, microscopic examination of blood parasites, sputum examination, stool examination etc. Mutra exam Mala pariksha by Ayurvedic method. Interpretation of laboratory data and clinical findings and arriving at a diagnosis.
   iii. Training in routine ward procedures and Supervision of patients in respect of their diet, habits and verification of medicine schedule.

2. Panchakarma – Duration: 15 days/1 month
   i) Panchakarma Procedures and techniques regarding poorva karma, pradhan karma and paschat Karma.

3. Shalya Duration: 1 month/2 months
   Intern should be trained to acquaint with
   i. Diagnosis and management of common Surgical disorders according to Ayurvedic Principles.
   ii. Management of certain Surgical emergencies such as fractures and dislocations, Acute Abdomen etc.
   iii. Practical training of aseptic and antisepsic techniques, sterilization etc.
   iv. Intern should be Involved in pre-operative and post-operative managements.
   v. Practical use of anesthetic techniques and use of anesthetic drugs.
   vi. Radiological procedures, clinical interpretation of X-ray, IVP, Barium meal, sonography etc.
   vii. Surgical procedures and routine ward techniques such as:
       i. Suturing of fresh Injuries
       ii. Dressing of wounds, burns, ulcers etc.
       iii. Incision of abscesses.
       iv. Excision of cysts.
       v. Venesection etc.
       vi. Application of Ksharasutra in ano rectal deseases.

4. Shalakya Duration: 1 month/2 months
   Intern should be trained to acquaint with
   a) Diagnosis and management of common surgical disorders according to Ayurvedic Principles.
   b) Intern should be Involved in Pre-operative and Post-operative managements.
   c) Surgical procedures In Ear, Nose, Throat, Dental problems, ophthalmic problems.
   d) Examinations of Eye, Ear, Nose, Throat and Refractive Error etc. with the supportive Instruments In OPD.
   e) Procedures like Anjana Karma, Nasya, Raktamokshan, ‘Karnapuran, Shirodhara, Putpak, Kavali, Gandush etc. at OPD level.

प्रधान प्राचायि
राजकीय आयुर्वैदिक कॉलेज
पटना-800003
5. **Prasuti & Štriroga**  
**Duration:** 1 month / 2 months

Intern should be trained to acquaint with:

a) Antenatal and post-natal problems and their remedies, Antenatal and Post-natal care.

b) Management of normal and abnormal labours.

c) Minor and major obstetric surgical procedures etc.

6. **Bahroga**  
**Duration:** 15 days / 1 month

Intern should be trained to acquaint with:

a) Antenatal and Post-natal problems and their remedies, antenatal and Post-natal care also by Ayurvedic Principles and medicine.

b) Antenatal and Post-natal emergencies.

c) Care of newborn child along with immunization programme.

d) Important pediatric problems and their Ayurvedic managements.

**B. PHC/Rural Hospital/District Hospital/Civil Hospital or any Govt. Hospital of modern medicine.**

Guidelines for conducting six months internship training in primary Health Centre, Community Health Centre/District Hospital; Any hospital of modern medicine any Ayurved hospital or Dispensary

Intern should get acquainted with:

i. Routine of the PHC and maintenance of their records.

ii. They should be acquainted with the routine working of the medical/non-medical staff of PHC and be always in contact with the staff in this period.

iii. They should be familiar with work of maintaining the register e.g. daily patient register, family planning register, surgical register and take active participation in different Government health schemes/programme.

iv. They should participate actively in different National Health Programmes of Government of the State/District.

**C. Casualty Section** of any recognized hospital of modern medicine.

Identification of casualty and trauma cases and their first aid treatment. Also procedure for referring such cases to the identified hospitals.

**D. Rural Ayurvedic dispensary/Hospital**

Diseases more prevalent in rural and remote areas and their management.

Teaching of health care methods to rural population and also various immunization programmes.

**8. Assessment**

After completing the assignment in various sections, they have to obtain a certificate from the head of the Section in respect of their devoted work in the section concerned and finally submitted to Principal/Head of the institute so that completion of successful internship can be granted.

\[\text{Signature}\]
9. Migration of Internship: Migration of internship will be only with the consent of the both college & university, in case of migration is between two different universities and colleges. In case migration is only college-to-college but university is not change, only the consent of both the colleges will be required. The migration will be accepted by the University on the production of the character certificate issued by Institute and application forwarded by the college and university with NOC as case may be.

10. EXAMINATION:

i. Theory examination shall have minimum 20% short answer questions having maximum mark up to 40% 8 minimum 4 questions for long explanatory answer having maximum marks up to 60%. These Questions shall cover entire syllabus of subject.

ii. A candidate obtaining 75% marks in the subject shall be awarded distinction in the subject.

iii. The minimum marks required for passing the examination shall be 50% in theory and practical separately in each subject.

iv. The supplementary examination will be held within 6th months of regular examination and failed students shall be eligible to appear in its supplementary examination as the case may be.

v. Minimum 35% attendance of the student in each subject separately in theory & practical shall be essential for appearing in the examination. In this regard a class attendance card shall be maintained for each student for the different subjects. The Principal shall arrange to obtain the signature of the students, teachers at the end of each course of lectures and practical instructions and send the cards to each Head of the Department for final completion before the commencement of examination.

vi. In case a student fails to appear in regular examination for cognitive reason, he/she will appear in supplementary examination as regular students. In such cases his/her non-attendance in regular examination will not be treated as an attempt. Such students, after passing examination will join the studies with regular students and appear for next professional examination after completion the required period of study.

vii. The following facts may be taken into consideration in determining class work in the subject:-

i) Regularity in attendance

ii) Periodical tests

iii) Practical copy

MIGRATION: The students may be allowed to take the migration to continue his/her study to another college after passing the first year examination. Failed students transfer and mid-term migration will not be allowed. For migration, the students shall have to obtain the mutual consent of both colleges and universities and will be against the vacant seat after obtaining NOC from CCIM.

**NOTE:** The period of theory and practical shall not be less than 60 minutes (one hour). The duration of the practical of clinical subjects and Rachna Sharih (Dissection) shall be of at least 120 minutes (two hours).

11.2 Clinical training of the students will start from third year onwards.

11.3 The clinical training in the hospital attached with college to the students shall be as follows:-

1. **Kavyachikitsa** (Indoor and Outdoor): 18 Months
   a) Kayachikitsa (Samanya) 6 months
   b) Manasroga 03 months
   c) Rasayan & Vajjikan 03 months
   d) Panchakarma 03 months
   e) Roga Vigyan Vikrut Vigyan 03 months

2. **Shalya** (Indoor & Outdoor) 09 Months
   a) Shalya (Samanya) 03 months (at least one month in OT)
   b) Shalya (Rasayan & Anushastra) 03 months (at least one month in OT)
   c) Ksharasutra 2 months
   d) Anesthesia 15 days
   e) Radiology 15 days

3. **Shalakya Tantra** (Indoor & Outdoor) 04 months (at least one month in OT)

4. **Prasulti Tantra Avam Shritroga**

5. **Kaumar Bhritiya** (Outdoor & Indoor) 03 months (Out door & Indoor)

6. **Atayvik (Casualty)** 02 months

12. **Qualifications & Experience for teaching staff for UG teachers:**

   (Applicable for direct recruitment but age will be relaxed in case of promotion)

1. **ESSENTIAL:**
   a) A degree in Ayurved from a University established by law or a statutory Board/Faculty/Examining Body of Indian Medicine or its equivalent as recognized under Indian Medicine Central Council Act, 1970.
   b) A Post-graduate qualification in the subject/specialty concerned included in the schedule to Indian Medicine Central Council Act, 1970.

2. **EXPERIENCE:**

   a) **For the Post of Professor:**

   Total teaching experience of ten years in concerned subject is necessary out of which there should be five years teaching experience as Reader/Associate Professor in concerned subject.

   राजस्थान आयुर्विज्ञान कॉलेज
   पटना-800003
b) **For the Post of Associate Professor (Reader):**
Teaching experience of five years in concerned subject. (Reader will be treated as Associate Professor).

c) **For the Post of Asst. Professor (Lecturer):** (age not exceeding 40 years).
No teaching experience is required. Lecturer will be treated as Asst. Professor.

d) **Qualification for the Post of Head of the Institution (Principal/Dean/Director):**
The qualification and experience prescribed for the Post of Professor shall be essential for these Posts.

**Note:** In absence of the candidate of Post-graduate qualification in concern subject the candidate of the following subjects as mentioned against them shall be eligible for the post of Lecturer/Asstt. Professor:-

<table>

(7) In the clinical training the student shall have to acquire the knowledge of independent work as a specialist.

(8) In the specialities of Shalya, Shalakya and Prasuti & Stri Roga the student shall have to undergo training of investigative procedures, techniques and surgical performance of procedures and management in the respective specialty.

9. Dissertation:-

(1) The title of the dissertation along with the synopsis, with approval of the ethics Committee constituted by the Institute as per Regulations of concerned University, shall be submitted to the University within a period of six months from the date of admission to PG course.

(2) If the student fails to submit the title of dissertation and synopsis within the period specified under sub regulation (1) his terms for final PG course will be extended for six months or more in accordance with the time of submission of the synopsis to the University.

(3) The synopsis of the proposed scheme of work should indicate the familiarity of the student with the proposed theme of work, the name of the department and the names and designation of the guide or supervisor and co-guide, if any. The University should approve the synopsis not later than three months after submission of the synopsis.

(4) For approving the title a scrutiny Committee shall be constituted by the University.

(5) The University should display the approved synopsis of dissertation on their website.

(6) The subject of every dissertation shall be research, practical oriented, innovative and helpful in the development of Ayurveda. The subject of the dissertation shall have relation with the subject matter of the specialty.

(7) Once the title for dissertation is approved by the Scrutiny Committee of the University, the student shall not be allowed to change the title of the proposed theme of work without permission of the University.

(8) No student shall be allowed to submit the dissertation before six months of final year. However, the student shall continue his or her regular study in the Institution after submission of dissertation to complete three years.

(9) The dissertation shall contain the methods and data of the research carried out by the student on the problem selected by him and completed under the guidance of the teacher approved by the University.

(10) The dissertation shall consist critical review of literature, methodology, results of the research, discussion on the basis of research findings of the study summary conclusion, and references cited in dissertation should be suitable for publication.

(11) The dissertation shall consist of not less than forty thousand words.

(12) The dissertation shall contain, at the end, a summary of not more than one thousand five hundred words and the conclusion not exceeding one thousand words.

(13) The guide or supervisor shall be a person of status of a Professor or Reader/Associate Professor, Lecturer/Assistant Professor with five years University approved teaching experience in the subject or three years as Co-Guide.

(14) Five copies of the bound dissertation along with a certificate from the supervisor or guide should reach the office of the Registrar of the University four months before the final examination.

(15) The dissertation shall be assessed by two external and one internal examiners appointed by the University.

(16) The dissertation shall be accepted only after the approval of examiners appointed under sub-regulation (17) and in case of disapproval by one external examiner, the dissertation shall be referred to third examiner.

(17) If the dissertation is not accepted by two external examiners, the same shall be returned to the student with the remarks of the examiners and the student can resubmit the dissertation after making necessary improvement in the light of examiners' report to the University within a further period of six months.

(18) The student shall be permitted to appear in the final examination of Post-graduate degree course only after examiners appointed for the purpose have approved the dissertation.

10. Examination and assessment:

(1) The Post-Graduate degree course shall have two examinations in the following manner:

(a) The preliminary examination shall be conducted at the end of one academic year after admission;

(b) The final examination shall be conducted on completion of three academic years after the admission to PG Course;

(c) Examination shall ordinarily be held in the month of June or July and November or December every year;

(d) For being declared successful in the examination, student shall have to pass in all the subjects separately in the preliminary examination;

(e) The student shall obtain minimum 50% marks in Practicals and theory subjects separately to be announced as pass.

(f) If a student fails in preliminary examination, he/she shall have to pass before appearing in the final Examination;

(g) If the student fails in theory or practical in the final examination he/she can appear in the subsequent examination without requiring to submit a fresh dissertation; and

(h) The post-graduate degree shall be conferred after the dissertation is accepted and the student passes the final examination.

(2) The examination shall be aimed to test the clinical acumen, ability and working knowledge of the student in the practical aspect of the speciality and his/her fitness to work independently as a specialist.

(3) The clinical examination shall aim at a careful assessment of the competence of the student, so that his/her familiarity with Ayurved and scientific literature in the speciality could be judged.

(4) The viva-voce part of the practical examination shall involve extensive discussion on any aspect of subject/speciality.

11. Subjects of examination:

(1) The preliminary examination at the end of one academic year after admission shall be conducted in the following subjects:

**Paper I**
- Part A: Research Methodology
- Part B: Bio/Medical Statistics

**Paper II**
- Part B: Concerned subject

(2) The student shall have to undergo training in the department concerned and shall maintain month-wise record of the work done during the last two years of study in the speciality opted by him/her as under:

i. Study of literature related to speciality.

ii. Regular clinical training in the hospital for student of clinical subject.

iii. Practical training of research work carried out in the department, for student of non-clinical subject.

iv. Active participation in various seminars, symposia and discussions.

v. Finalization of topic of dissertation and synopsis.

vi. The assessment of the work done during the first year on the above points shall be done at the time of preliminary examination;

(3) The final examination (a) dissertation; (b) written papers; and (c) clinical/practical and oral examination, as the case may be.

(4) There shall be four theory papers in each speciality and one practical or clinical and viva-voce examination in the concerned speciality or group of sub-specialities selected by the student for special study.

(5) The student shall have to publish/accepted at least one Research paper on the basis of his research work in one Journals based on his dissertation and one paper presentation in Regional level Seminar.

12. Appointment of examiners:

The preliminary examination and final examination will be held in practical, clinical and oral examination. The final examination shall be conducted by a team of 2 Examiners (Retired or Serving) out of which one should be external. The examiners should be minimum of Reader Level or should have minimum 8 years PG teaching experience.

13. Minimum requirement for post-graduate teaching centre:

(1) The post-graduate education centre shall satisfy the entire minimum requirements of undergraduate training as prescribed by the Council.

(2) Facilities regarding training in basic sciences of Ayurveda and other supporting subjects as specified by the Council shall be provided by the Centre.

(3) All the facilities of ancillary departments shall be made available by the Centre.

(4) The Centre shall have adequate equipment and research facilities required for training in the related speciality and subject.

(5) The minimum additional teaching staff required for starting post-graduate course shall be one Professor/Reader and one Lecturer of concerned subject, in addition
to the teachers stipulated for under-graduate teaching. The specialty, which does not exist as independent department at UG level shall have minimum one Professor/Reader and one lecturer for starting PG.

(6) The Centre shall have a fully equipped hospital consisting of at least one hundred beds with specialty-wise adequate facilities in all departments.

The PG subject in non-clinical subject shall be admissible on the basis of Bed strengths as specified for UG Norms. But for PG in clinical subjects additional beds in the student: bed ratio of 1:4 shall be provided.

(7) The annual average bed-occupancy in the hospital shall be more than 50%.

(8) In clinical departments one Registrar or Senior Resident shall be appointed for every twenty beds.

(9) Any UG Institution which has not completed minimum 4½/5 years of UG teaching shall not be eligible for applying for PG permission.

14. Facilities for post-graduate students: The stipend and contingency shall be provided at the rates prevailing in the State for other medical post-graduate students.

15. Guide Students ratio: The teacher student ratio shall be such that the number of post-graduate teachers to the number of post-graduate students admitted per year is maintained at 1:3 in case of Professor 1:2 in case of Reader and 1:1 in case of lecturer having minimum 5 years experience. The maximum number of students per year per specialty shall not exceed six and this provision shall not be applicable to the existing PG seats.

**Year of enforcement:** These regulations shall come into force with effect from the Academic Session 2014-15
