- (A) function (B) parameter
(C) variable (D) tags
28. In draw, multipage drawings are used mainly for _____.
- (A) presentation (B) animation
(C) calculations (D) storing
29. Which function returns current date and time in Javascript ?
- (A) date [] (B) date ()
(C) Date () (D) Time ()
30. Full form of EMI is _____.
- (A) Equality Monthly Installment (B) Equated Monthly Installment
(C) Equated Monthly Income (D) Equality Monthly Income
31. Which characters are allowed as input for Javascript functions ?
- (A) + (B) 0-9
(C) Exponent (D) All of above
32. What is the output of following in Calc ?
=Round ((350*100/400;0)
- (A) 86 (B) 87
(C) 88 (D) 89
33. _____ is the software, which implements FTP protocol using which we can upload our webpages in webspace provided to us by ISP on Server.
- (A) WSFTP (B) WSGTP
(C) WSISP (D) WSHTP
34. In calc, frequency function is available under which category of the functions ?
- (A) Statistical (B) Database
(C) Financial (D) Array
35. Name server is also called which server that maps your name to IP address and provide this mapping to client whenever site is to be accessed.
- (A) SDN (B) DNS
(C) DNN (D) NSD
36. In Calc, which symbol is used as a seperator ?
- (A) : (colon) (B) , (comma)
(C) _ (underscore) (D) ; (semi colon)
37. Full form of ISP is
- (A) Intranet Site Publisher (B) Interconnection Storing Prototype
(C) Internet Service Provider (D) Information Service Protocol

38. In Vlookup function, which is the third argument ?
(A) array (B) index
(C) search criterion (D) sort order
39. The popular web server from Microsoft is
(A) IDS (B) NSD
(C) IST (D) IIS
40. Forms in Base are used to perform which of the following operation ?
(A) Insert (B) Update
(C) Delete (D) All of above
41. Which image file format support 24-bit color.
(A) JPG (B) PNG
(C) GIF (D) Both (A) & (B)
42. _____ are normally created for taking out prints and use it for later reference.
(A) Tables (B) Forms
(C) Reports (D) Queries
43. Which pages are hypertext pages, which are linked together and provide flexibility to move from one page to another called navigation.
(A) Server Pages (B) Web pages
(C) Template pages (D) Browser pages
44. In linux, what will be the output of following command ? `date +%y`
(A) 2014 (B) 14
(C) Jan 2014 (D) 01/29/14
45. Which structure is best for websites created for online selling of products i.e. for e-commerce website.
(A) Catalog (B) Tutorial
(C) Herarchical (D) Linear
46. In linux, while using echo commant, if any variable preceded with _____ symbol then it will print value of variable.
(A) # (B) \$
(C) & (D) @
47. From which menu we can add HTML code fragement option ?
(A) Windows (B) Home
(C) Insert (D) Format
48. Which command is to be used to display subdirectores along with directories in linux.
(A) `ls -a` (B) `ls -F`
(C) `ls -R` (D) `ls -x`
49. While creating website how many navigation styles are available ?
(A) 5 (B) 7
(C) 4 (D) 6
50. Which of the following is true when then command `ls c [!oiu] t` is executed ?
(A) File with name cut will be displayed (B) File with name cot will be displayed
(C) File with name cet will be displayed (D) File with name c!t will be displayed
51. We can preview our webpage which we have designed by clicking on
(A) Arrange / Webpage Preview (B) File / Webpage Preview
(C) View / Webpage Preview (D) Tools / Webpage Preview

52. If you are in /home/country/states/cities then to change current directory to home directory _____ is used.
- (A) cd .. (B) cd ../..
(C) cd ../../.. (D) cd
53. With the help of Insert Menu is publisher we can add
- (A) text (B) pictures
(C) hyperlink (D) All of above
54. What is the purpose of cat command ?
- (A) Creating a file (B) Display contents of file
(C) Appending contents of file (D) All of above
55. Which protocol is used for making e-commerce secure.
- (A) SSL (B) Sttp
(C) https (D) sspt
56. Which shell was developed to combine the features of both sh and csh ?
- (A) Bourne shell (B) D shell
(C) C shell (D) Korn shell
57. What refers to the secrecy of information so that unauthorized user cannot read it.
- (A) Confidentiality (B) Integrity
(C) Authorization (D) Non-repudation
58. In linux, by default what is the value of ibase and obase in calculator.
- (A) 8 (B) 2
(C) 10 (D) 16
59. If electronic wallet is stored in _____ computer, then purchase is only possible from client's computer.
- (A) user (B) server
(C) other (D) client
60. Which of the following can not be used as filename in linux ?
- (A) Hyphen and underscore (B) period (.)
(C) back slash (/) and Null character (D) Alphanumerics and Numerals.
61. Smart Card stores information in encrypted form, to get information we need to decrypt it by secret number called.
- (A) cipher (B) PIN
(C) ISP (D) PNR
62. Which of the following syntax is correct to assign a write permission on a file 'star' to group ?
- (A) chmod w star (B) chmod g+w star
(C) chngmod g+w star (D) chngmod gw star
63. Electronic cash is equivalent of physical cash in which cash is stored in form of digital signed files on media like.
- (A) floppy disk (B) hard disk
(C) compact disk (D) both (A) & (B)
64. To decompress the particular file in linux, which of the following command is true ?
- (A) gzip -d filename.gz (B) gunzip filename.gz
(C) Both (A) and (B) (D) None of above

65. The government of gujarat has developed their own network and is accessible as
(A) www.gswan.com (B) www.gswan.in
(C) www.gswan.gov.com (D) www.gswan.gov.in
66. Which command of linux creates an exact image of a file on the disk with a different filename ?
(A) mv (B) wc
(C) rm (D) cp
67. If you place your item for an auction, then you are.
(A) auctioneer (B) taker
(C) bidder (D) buyer
68. In linux, output of one command can be supplied as input to another command and this process is known as _____.
(A) passing (B) delivering
(C) piping (D) collecting
69. Which of the following does not contain details of the product selected by buyer ?
(A) server (B) smart card
(C) shopping cart (D) all of above
70. In linux, to extract characters till third character from the beginning of line from 'stud' file, which of the following command is true.
(A) cut -c 3- stud (B) cut -f -3 stud
(C) cut -c -3 stud (D) cut -f 3- stud
71. Shapping cart details are not sent to
(A) server (B) buyer
(C) both (A) & (B) (D) None of above
72. Which of the following is not a redirection smbhol ?
(A) >> (B) <
(C) >* (D) >
73. Which of the following details are not received by supplier ?
(A) Registration detail (B) Order detail
(C) Payment detail (D) All of above
74. When we want to display the lines except those containing pattern, we can use _____ option with grep command.
(A) -c (B) -i
(C) -v (D) -d
75. In which of the following way we can insert order form in our website ?
(A) Insert → Page → Forms → Order form
(B) Insert → Format → Forms → Order form
(C) Insert → Forms → Order form
(D) Insert → From file → Order form
76. In linux, which of the following example is not true for building shell variable ?
(A) first12 (B) first nm
(C) _firstnm (D) first_nm
77. Which of the following process is allowed on shopping cart, at time of payment ?
(A) Delete items (B) Modify quantity
(C) Receiving items by just selecting (D) both (A) & (B)

78. Which command can be used to insert a new line above the current cursor position.
(A) O (B) o
(C) A (D) R
79. If our mode of payment is VPP sender will send the parcel through.
(A) courier (B) transport
(C) e-mail (D) both
80. Which command can be used to quit editing mode without saving changes made in the file of linux ?
(A) :wq (B) :w
(C) :q! (D) :w!
81. Which of the following is the disadvantage of open source software ?
(A) Source code is open to access
(B) Right to use software in any way desirable
(C) It is of low cost or free of cost
(D) Looking for something in opensource is like finding a needle in a hay stack.
82. Which of the following command is true to execute the shell script ?
(A) bash your-script-name (B) sh your-script-name
(C) ./your-script-name (D) All of above
83. A _____ is a software used to host websites which we use on Internet, Intranet or Extranet.
(A) Webserver (B) Webkit
(C) ADT (D) IED
84. While writing shell script in linux which sign is used for multiplication ?
(A) * (B) *
(C) /* (D) x
85. Open source community has various webservers namely.
(A) Zope (B) lighttpd
(C) Jetty (D) All of above
86. Which command of linux is capable at evaluating an arithmetic expression ?
(A) eval (B) earith
(C) expr (D) enum
87. Which of the following open office application offers a choice of using wizards, design view or SQL view.
(A) Writer (B) Base
(C) Calc (D) Draw
88. _____ is a command-line parameter to echo command to tell echo not to print a new line after the text.
(A) -l (B) -w
(C) -c (D) -n
89. The new version of Mozilla firefox is available in how many languages ?
(A) 40 (B) 30
(C) 45 (D) 35

90. Which writing shell script, which command is provided by linux, in place of square brackets ?
(A) check (B) cmp
(C) test (D) diff
91. Which server was first officially released on April, 1995.
(A) Apache Server (B) Solaris server
(C) HTPT server (D) Both (A) and (B)
92. Which of the following is true if the file exists and is at size greater than zero.
(A) -s (B) -d
(C) -g (D) -f
93. Amaya, Camino, Chrome are examples of open source.
(A) Webservice (B) Website
(C) Operating system (D) Web browser
94. Which of the following loop executes till the condition is false ?
(A) while (B) until
(C) for (D) repeat
95. In linux, which directory contains several useful commands that are used by both normal users as well as system administrator ?
(A) /bin (B) /boot
(C) /etc (D) /proc
96. What is to be used for break command in linux ?
(A) && (B) ##
(C) ;; (D) **
97. In linux, which icon is similar to Recycle bin icon of windows operating system ?
(A) roots Home (B) Trash
(C) Computer (D) Controller
98. Which of the following is used for "not equal to" numeric comparison in linux ?
(A) != (B) -eq
(C) -ne (D) NOT=
99. In linux, which option allows us to access calculator, text editor, dictionary etc. from the Applications Menu ?
(A) System Tools (B) File browser
(C) Accessories (D) Preferances
100. Linux stores the values provided through command line as
(A) #1, #2, #3, ..., #9 (B) @1, @2, @3, ..., @9
(C) \$1, \$2, \$3, ..., \$9 (D) All of above
